@ PMA Children are welcomed, engaged, nurtured, challenged, and celebrated.

## Schedule Options:

\* 8:30 AM–11:45 AM

\* Extended Day  
7:45 AM–5:30 PM

The Toddler Summer Program, in combination with the Montessori Method, will be 7 exciting weekly themes that will allow our Toddler "Campers" to explore the world around them through art, science, cooking and sensory activities. Our summer program will help encourage their sense of independence, develop self-help skills, language, fine/gross motor skills, and social/emotional growth.

## Summer Camp Weeks

### #1 Dr. Seuss June 4 – June 8

We will center our week around the rhythmic words of Dr. Seuss. Books such as *One Fish Two Fish Red Fish Blue Fish*, *Put Me in the Zoo*, and *The Foot Book* will be our foundation for fun activities with letters, colors, and numbers. Campers will take home their very own Dr. Seuss bag full of art projects.

### #2 Creepy Critters June 11 – June 15

Starring bugs, insects, and butterflies! Toddlers will use magnifying glasses to zoom in on creepy critters in their natural habitats, while we examine what makes them important to our environment. We will enjoy a butterfly canopy inside our classroom for the children to observe and learn about Metamorphosis.

### #3 Australian Walkabout June 18 – June 22

Toddlers will decorate their own passport as they discover the animals and landscape of the Australian outback. We will learn all about Australia while having fun creating Australian themed art projects, singing native Australian songs, and learning about our two favorites, koalas and kangaroos.

### #4 Toddler Art Gallery June 25 – June 29

Move over, Picasso, the toddlers are getting creative! Toddlers will explore various modes of art and create multisensory masterpieces using a variety of rare art tools. We will create a collage using various textures and display for all to admire. Children will have the opportunity to really discover their creativity.

### #5 Old McDonald's Farm July 9 – July 13

E-I-E-I-O!!! Come explore the many animals on Old MacDonald's Farm and learn about the life cycles of growing fruits and vegetables. Campers will participate in creating animal finger puppets, learn about caring for farm animals, gardening and harvesting food on the farm, and even have a visit from special farm animal friends. We cannot wait for the toddlers to share in our love for the farm!

### #6 Splish Splash Summer Fun July 16– July 20

Toddlers will enjoy a fun filled beach week right here on our campus. We will get wet and make sand castles while we learn all about animals you might find under the ocean. Toddlers will learn about reptiles and mammals that live in or near the water through water tables, aquariums, and arts and crafts projects.

### #7 Into The Woods July 23 – July 27

Let's pitch a tent, make smores, and play games around our imaginary camp fire. Toddlers will participate in scavenger hunts, sing campfire songs, and learn all about the great outdoors!
